SEX AT BIRTH CIHR SUGGESTED METHOD (GRETA BAUER, WESTERN) SEX	<p>What sex were you assigned at birth, meaning on your original birth certificate?</p> <p>Male Female Don't know Refuse to answer</p>
SEX AT BIRTH FOLLOW-UP NEW 2024 SEX2	<p><i>UNIVERSE: Sex = 'Don't know' or 'Refuse to answer'</i></p> <p>We know this can be a sensitive question for some people. We ask about sex-at-birth because it helps us to understand the profile of survey respondents. If you are not comfortable answering the question, you can choose 'Don't know' or 'Refuse to answer'. (We'll ask about your gender identity later in the survey).</p> <p>What sex were you assigned at birth, meaning on your original birth certificate?</p> <p>Male Female X (not specified on birth certificate) Don't know Refuse to answer</p>
DIETARY RECALL RANDOMIZATION NEW 2024	<p><i>[PROGRAMMER NOTE: Randomize 3400 respondents to complete main survey only; 500 respondents to "status quo" embedded recalls; 500 respondents to a stand-alone contact. Initially only randomize respondents to condition 2 or 3 (50:50) to fill those conditions first, and once have enough completes (who also pass the DQ_month and speed for condition 2), then shift to recruiting condition 1 (only).]</i></p> <p>Version 1: Main survey only Version 2: Stand-alone contacts Version 3: Status quo (one dietary recall immediately following main survey)</p>

<p>INFO</p> <p>REVISED 2019 REVISED 2020 REVISED 2021 REVISED 2022 REVISED 2023 REVISED 2024</p>	<p>Before you start the survey, please read the following information and let us know if you agree to participate.</p> <ul style="list-style-type: none"> - The survey will examine eating patterns. The study is being conducted by Professor David Hammond at the University of Waterloo, Canada. - You must be 18 years of age or older to participate in the study. - [V1+V2: main survey only & stand-alone contact: The survey will ask you questions about your diet and nutrition, and other health-related behaviours such as smoking and alcohol use. The survey will take about 30 minutes.] - [V3: status quo: The survey has two sections: the first section will ask you questions about your diet and nutrition, and other health-related behaviours such as smoking and alcohol use. The second section will ask you about the food you ate yesterday. To complete the second section, you'll be linked to a website run by the University of Cambridge. Each section will take 20-30 minutes – about an hour for the entire survey.] - You MUST complete the survey in one sitting. If you log out or leave the survey inactive for more than 30 minutes, you will NOT be able to restart or continue later. - Participation is voluntary. You can click 'refuse to answer' to any question you do not wish to answer. You can choose to stop the study at any time without penalty. If you choose to stop participating, you may receive your incentive by selecting 'refuse to answer' for all further questions until the end of the survey. Any data already collected may be used in the study, unless you contact the researcher to have it deleted. - We take your privacy very seriously and will make every effort to keep your information strictly confidential. We will never share your personal information with any company or marketing firm. The study data will be collected using Alchemer software [v3: and the Intake24 system operated by the University of Cambridge]. Internet protocol (IP) addresses may be recorded by the software [v1/v2: program / v3: programs] used for this study to avoid duplicate responses in the dataset, but this information will not be used by the researchers or the owners of the [v1/v2: program / v3: programs] to identify you personally. When information is transmitted over the internet, privacy cannot be guaranteed. There is always a risk your responses may be intercepted by a third party (e.g., government agencies, hackers). - The data will be stored for a minimum of 7 years on a secure University of Waterloo server in Canada. Analyses may also be conducted by international research team members, but only using de-identified data stored on password-protected computers. - This project has been reviewed and received ethics clearance through a University of Waterloo Research Ethics Board (REB# 30829). However, the final decision about participation is yours. Participants who have concerns or questions about their involvement in the project may contact the Office of Research Ethics in Canada at 001-519-888-4567, ext. 36005 or reb@uwaterloo.ca. - If you have any questions about the study, please contact Professor David Hammond of the University of Waterloo in Canada, at 001-519-888-4567 ext. 46462 or dhammond@uwaterloo.ca or Dr. Jean Adams, a local study researcher from the University of Cambridge in the United Kingdom at 01223 769142 or jma79@medschl.cam.ac.uk.

FOOD SECURITY

DOMAIN SOURCE	QUESTION
FOOD SECURITY – INTRO USDA HFSM	These next questions are about the food eaten in your household in the last 12 months, since [current month] of last year, and whether you were able to afford the food you need.
FOOD SECURITY – HH1 USDA HFSM <i>HH1</i>	Which of these statements best describes the food eaten in your household in the last 12 months: You and other household members always had enough of the kinds of foods you wanted to eat. You and other household members had enough to eat, but not always the <u>kinds</u> of food you wanted. Sometimes you and other household members did <u>not</u> have <u>enough</u> to eat. <u>Often</u> you and other household members didn't have enough to eat. Don't know Refuse to answer
FOOD SECURITY – HH INTRO	Now you will see several statements that may be used to describe the food situation for a household. Please indicate if the statement was often true, sometimes true, or never true for you and other household members <u>IN THE LAST 12 MONTHS</u> – that is since last [name of current month].
FOOD SECURITY – HH2 USDA HFSM <i>HH2</i>	You and other household members worried that food would run out before you got money to buy more. Often true Sometimes true Never true Don't know Refuse to answer
FOOD SECURITY – HH3 USDA HFSM <i>HH3</i>	The food that you and other household members bought just didn't last, and there wasn't any money to get more. Often true Sometimes true Never true Don't know Refuse to answer
FOOD SECURITY – HH4 USDA HFSM <i>HH4</i>	You and other household members couldn't afford to eat balanced meals. Often true Sometimes true Never true Don't know Refuse to answer
FIRST LEVEL SCREENING	If affirmative response to one or more of HH1-HH4 (i.e., HH1=3 or 4, or HH2-HH4=1 ("often true") or 2 ("sometimes true")), then continue to AD1; otherwise, if children under age 18 are present in the household (child_home>0), skip to CH1; otherwise skip to End of Food Security Module.

FOOD SECURITY – AD1 USDA HFSM AD1	<i>UNIVERSE: Respondents who passed first level screening</i> In the last 12 months, since last (name of current month), did you or other adults in your household ever cut the size of your meals or skip meals because there wasn't enough money for food? SOC_STATUS

Think of this ladder as representing where people stand in the United Kingdom. At the top of the ladder (step 10) are the people who have the most money and education, and the most respected jobs. At the bottom of the ladder (step 1) are the people who have the least money and education, and the least respected jobs or no job.

Where would you place yourself on this ladder? Pick the number for the step that shows where you think you stand at this time in your life, relative to other people in the United Kingdom.
