SAMPLE EMAIL INVITATION REVISED 2023	[Email from Nielsen and their partner panels] We've found a survey for you! Simply click “Continue” to begin the survey. NOTE TO ETHICS: This is an email/dashboard app invitation sent to panelists. If panelists select ‘continue’ they will be directed to a webpage showing the questions below. Partner panels will have slightly different text shown in their email/dashboard app invitations about panel incentives.
PANELIST AGE	[Screen shown by Nielsen] What is your age? <i>[numeric]</i> <i>[If <18 or >100: TERMINATE]</i> NOTE TO ETHICS: This screen is used by Nielsen to confirm the panelist is age of majority, and as a quota screener for the related adult IFPS survey (Nielsen pre-screens eligibility for multiple surveys at the same time); data not provided to researchers.
PANELIST GENDER REVISED 2020	[Screen shown by Nielsen] What sex were you assigned at birth, meaning on your original birth certificate? Male Female NOTE TO ETHICS: This screen is used by Nielsen as a quota screener for the related adult IFPS survey – the response does not impact eligibility for the youth survey (Nielsen pre-screens eligibility for multiple surveys at the same time); data not provided to researchers.
PARENTAL STATUS	[Screen shown by Nielsen] Please choose the options that best describe your household: [PROGRAMMER NOTE: Allow participants to select more than one of the first 3 options] I am pregnant/expecting a child within the next 9 months I have one or more children under the age of 18 living in my household I have one or more children aged 18 or older living in my household I have no children living in my household and I am not pregnant/expecting a child within the next 9 months PROGRAMMER NOTE: If no children under age of 18 living in household show: “Thank you for your interest, unfortunately you do not qualify for this study. We appreciate your participation and thank you for your time. You have earned [panel incentive].”
CHILD AGE AND GENDER REVISED 2020	[Screen shown by Nielsen] <i>UNIVERSE: Respondents who indicated they had a child under the age of 18 living in the household.</i> Please indicate the age and gender of any children under the age of 18 living in your household: [PROGRAMMER NOTE: Allow participants to select more than one option] Boy under age 1 Girl under age 1 Boy age 1 Girl age 1

PARENT PRE-SCREENING	[Screen shown by Nielsen] <i>UNIVERSE: Respondents who indicated they had a child between the ages of 10-17 living in the household.</i> You indicated that you have a child in the household between the ages of 10 and 17. After a few more questions for you, we would like to have your child complete a survey, if they qualify. Would you be willing to let your child participate? Please note that your child does not need to be available right now to participate. After you complete the questions for parents/guardians, instructions will be provided for having your child participate when they are available. Yes → [REDIRECT PANELIST TO SURVEY IN ALCHEMER] No → Thank you for your time. [TERMINATE]
RECAPTCHA NEW 2024 RECAPTCHA	Please check the box below, and click ‘Next’ to proceed with the survey.  [PROGRAMMER NOTE: Utilize ReCAPTCHA and Duplicate Protection function based on IP address in Alchemer]
PARENT INFO / CONSENT REVISED 2020 REVISED 2021 REVISED 2023 REVISED 2025 COUNTRY SPECIFIC WORDING	We would like to conduct a survey with ONE of your CHILDREN AGED 10-17. Please read the following information, and indicate if you are willing to let your child participate. - The survey will examine eating patterns among children. Your child will be asked about the types of food they eat, advertisements they may have seen for food and other products, and their background (e.g., age, weight, smoking, cannabis or alcohol use). - Similar surveys are being completed in 5 other countries, so researchers can learn about the types of food children eat and advertisements they see in different parts of the world. - The study is being conducted by Professor David Hammond at the University of Waterloo, Canada. - The survey will take about 20 minutes. - As a thank you for your child’s participation, the survey firm will provide you with your usual compensation. - We will ask your child a few short questions to see if they are eligible to complete the survey. All other questions are completely voluntary. Your child can click ‘refuse to answer’ to any question they do not wish to answer, and you will still receive the reward. Your child can choose to stop participating at any time, but if they close the survey before the end of the survey you will not receive the reward, and any data already collected will be deleted by the researcher. There are no known or anticipated risks to your child’s participation in the survey. - We take your child’s privacy very seriously and will keep their identity confidential. We will never share their personal information with any company or marketing firm. All of the information your child provides will be grouped with responses from other participants, which means that there will be no way to identify participants individually from the reports we create. Your child will not be asked to provide their name, address or telephone number.

	- The study data will be collected using Alchemer software. Internet protocol (IP) addresses may be recorded by the software program used for this study to avoid duplicate responses in the dataset, but this information will not be used by the researchers or the owners of the program to identify you or your child personally. Please note that while we implement security safeguards designed to protect all survey data, when information is transmitted over the internet, there is still a risk your child's responses may be intercepted by a third party (e.g., government agencies, hackers). - The data will be stored for a minimum of 7 years on a secure University of Waterloo server in Canada. Analyses may also be conducted by international research team members, but only using de-identified data stored on password-protected computers. - The questions you have answered up to this point are for the survey firm, and will not be shared with the researchers. - This project has been reviewed and received ethics clearance through a University of Waterloo Research Ethics Board (REB# 41477). However, the final decision about participation is yours and your child's. If you have questions for the Board, please contact the Office of Research Ethics in Canada at 0011-1-519-888-4444 or reb@uwaterloo.ca. - For all other questions about the study, please contact Professor David Hammond of the University of Waterloo in Canada at 0011-1-519-888-4567 ext. 46462 or dhammond@uwaterloo.ca or Associate Professor Gary Sacks, a local study researcher from Deakin University in Australia at 03 9251 7105 or gary.sacks@deakin.edu.au. <i>Please note that your child does not need to be available right now to participate. After you complete the questions for parents/guardians, instructions will be provided for having your child participate when they are available.</i> <i>By providing your consent, you are not waiving your legal rights or releasing the investigator(s) or involved institution(s) from their legal and professional responsibilities.</i> Would you be willing to allow your child to participate in this survey? By clicking "Yes" below, you confirm that you are the parent/legal guardian of the child participating in this study and agree to allow them to participate. Yes → [Continue] No → Thank you for your time. You will now be redirected back to the survey company. [TERMINATE]
